

## **The incorporation of the Electronic Competition Information System has been approved**

The incorporation of the Electronic Competition Information System has been approved by the Decree of the President of the Republic of Azerbaijan dated July 9, 2024.

The objective of the Electronic Competition Information System is to receive and process applications (petitions) of consumers and market subjects, to obtain documents or information to be attached to them in real time on the basis of requests from other state bodies (institutions), to submit electronically the decisions or information concerning those applications (petitions) in the fields of competition and consumer rights protection, as well as ensuring the availability of information for users in the mentioned fields.

This Decree has entered into force on 9 July, 2024.
